### Description

Previously called the 1720, now called the 17 ACE is a fisherman's dream of flexibility and versatility, and is the logical choice for the light tackle and fly casting specialist. The 17 ACE has a radical, racy, chine line which is the signature of the exclusive Qui-Dry hull. It really reduces fish-spooking hull slap when poling in the shadows, yet the boat is remarkably dry when running fast in a heavy chop. A narrow console gives plenty of room and wide 13" gunwales provide for easy walk around and loads of rod storage underneath. Test one today! This boat is in stock powered by Mercury 115hp fourstroke. Has custom hull wrap "Fish or Die" . Standard
